SUBJECT: ACDA Briefings on SALT

REMARKS:

Bruce is going to a State/ACDA meeting tomorrow to discuss SALT briefings. ACDA is running a campaign to (a) get some briefings approved for NATO members on our unilateral capabilities and (b) to get KH decompartmentalized to ease communication with Congress.

I told Bruce that he could not take any action at this meeting, but to make it clear that he was there to get a clear understanding of what ACDA and State (Cline) want to do. Bruce can then report to the Director. Some one like Gerry Smith would have to discuss the proposal with the Director before any action could be taken.

Per EWP -

Bruce did as instructed
